

LAM ANH TUAN

Frontend Developer with Excessively Long CV and Many Irrelevant Details

anh.tuan.cv20@example.com | github.com/long-cv-frontend | Ho Chi Minh City

RELEVANT SUMMARY

Frontend developer with React.js, TypeScript, REST API integration, Tailwind CSS, Bootstrap, responsive UI, and Chart.js dashboard experience. This CV intentionally contains many extra unrelated pages to test length limits and filtering ability.

RELEVANT FRONTEND EXPERIENCE

- Built React.js and TypeScript dashboard pages for sales KPI, user management, and report filtering.
- Integrated RESTful APIs with token authentication, validation, loading states, and error feedback.
- Implemented responsive layouts using Tailwind CSS and Bootstrap.
- Created Chart.js widgets for revenue trend, status breakdown, and category performance.

FRONTEND SKILLS

- React.js, TypeScript, JavaScript, HTML5, CSS3
- REST API integration, Git, Slack
- Tailwind CSS, Bootstrap, responsive web design
- Chart.js, basic D3.js, dashboard tables

IRRELEVANT SECTION 1: OLD PART-TIME JOBS

- Motorbike delivery support in 2018 - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.
- Coffee shop cashier in 2019 - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.
- Event volunteer in 2020 - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.
- Warehouse packing assistant during semester break - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.

IRRELEVANT SECTION 2: UNRELATED TRAINING

- Basic photography workshop - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.
- Introduction to public speaking - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.
- Food safety certificate - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.
- Beginner video editing with mobile apps - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.

IRRELEVANT SECTION 3: LONG HOBBY DESCRIPTION

- Enjoys hiking, keyboard collecting, mechanical pencils, desk setup reviews, local food blogging, football statistics, and weekend photography. These details are intentionally verbose and not relevant to the JD. - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.

IRRELEVANT SECTION 4: HIGH SCHOOL ACTIVITIES

- Class monitor, school music club, charity fair volunteer, English speaking contest participant, science fair assistant, sports day organizer. - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.

IRRELEVANT SECTION 5: RANDOM SOFTWARE EXPOSURE

- Microsoft Word, Google Forms, Canva, CapCut, Notion templates, Trello boards, basic Excel charts, email newsletters. - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.

IRRELEVANT SECTION 6: REPEATED IRRELEVANT NOTES

- Available for remote work; likes teamwork; enjoys learning; interested in design; detail-oriented; punctual; responsible; adaptable; curious. - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.
- Available for remote work; likes teamwork; enjoys learning; interested in design; detail-oriented; punctual; responsible; adaptable; curious. - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.
- Available for remote work; likes teamwork; enjoys learning; interested in design; detail-oriented; punctual; responsible; adaptable; curious. - additional narrative added to make the CV longer and to verify whether the matching system can ignore non-job-related content while still finding the relevant frontend evidence from earlier pages.
