

Tran Hoang Phuc

Frontend Intern | HTML, CSS, JavaScript, Basic React

Da Nang | hoang.phuc.cv02@example.com | github.com/phuc-ui-practice

PROFESSIONAL SUMMARY

Entry-level frontend candidate with internship experience in HTML, CSS, JavaScript, and small React components. Has basic API fetching experience but lacks TypeScript, dashboard/data visualization work, and full-time production experience.

SKILLS

- HTML5, CSS3, JavaScript basics, simple React components
- Basic fetch/axios API calls; limited authentication experience
- Bootstrap basics; no professional Tailwind CSS project
- Git basics; familiar with Figma handoff

EXPERIENCE

Frontend Intern - GreenWeb Studio, 01/2026 - 06/2026

- Updated landing page sections using HTML, CSS, and JavaScript.
- Built simple React components for product cards and FAQ sections under supervision.
- Called sample REST APIs for practice but did not own production API integration.
- Fixed minor responsive layout issues for mobile screens.

PROJECTS

- Personal Portfolio - HTML/CSS/JavaScript.
- Todo App - React basics, local state, no backend integration.

EDUCATION

Diploma in Web Programming - Aptech, 2026
