- **Programming Languages:** C#, Java, JavaScript, HTML5, CSS3
 - **Frameworks/Technologies:** ASP.NET, MVC, Web API, React Native
 - **Databases:** Microsoft SQL Server, SQL
 - **Development Tools:** Visual Studio, Git, Node.js
 - **Other Skills:** Agile methodologies, RESTful API integration, UI/UX design principles
-

WORK EXPERIENCE

Mobile Application Developer

XYZ Technologies, Hanoi, Vietnam

January 2020 – Present

- Designed and developed cross-platform mobile applications using React Native, ensuring functionality and performance.
- Collaborated with UI/UX designers to enhance user experience by integrating robust and interactive interfaces.
- Participated in Agile development cycles, contributing to sprint reviews and retrospectives to improve project delivery.

Software Intern

Tech Innovations, Hanoi, Vietnam

June 2018 – December 2019

- Assisted in the development of web-based ERP systems, focusing on backend functionalities using ASP.NET.
- Conducted testing and debugging activities, which improved the overall quality of

software solutions.

- Employed SQL queries to optimize database performance and support application requirements.
-

PROJECTS

E-Commerce Mobile Application

Technologies Used: React Native, Firebase

- Developed a fully functional e-commerce platform that supports user registration, product browsing, and a secure checkout process.
- Optimized app performance leading to an increase in user engagement and satisfaction.

Internal Task Management Tool

Technologies Used: ASP.NET, Microsoft SQL Server

- Built an internal application to manage team tasks and project timelines, facilitating improved communication among team members.
 - Created a reporting feature that provided insights on team productivity and task completion rates.
-

EDUCATION

Bachelor of Technology in Computer Science

Hanoi University of Science and Technology, Hanoi, Vietnam

Graduated: 2018

- GPA: 7.5
