SUMMARY

Fresh graduate with 6 months internship using Golang, SvelteJS and PostgreSQL. Understands REST API basics and authentication but has not reached the JD requirement of at least 2 years of experience.

SKILLS

Golang basic, SvelteJS basic, TypeScript, PostgreSQL CRUD, REST API, JWT basic, Git, Docker basic

EXPERIENCE

Full Stack Intern | ClinicSoft Lab | 01/2026 - 06/2026

- Built small SvelteJS components for appointment screens.
- Created simple Golang CRUD APIs for doctor schedule demo.
- Wrote PostgreSQL migrations and seed data for internship project.
- Observed senior engineers working on Redis and WebSocket but did not own production features.

PROJECTS

Clinic Appointment Demo

- Stack: Go, Svelte, PostgreSQL.
- Basic JWT login and CRUD appointment API.

EDUCATION

B.S. Computer Science - 2026
