

Huynh Gia Bao

Full Stack Developer - Golang

Ho Chi Minh City, Vietnam | bao-huynh@example.com | +84 900 000 000 | github.com/bao-huynh |
portfolio.example/bao-huynh

SUMMARY

Full Stack Developer with 3 years of Golang, SvelteJS, PostgreSQL and Redis experience. This CV intentionally omits the Education section to test missing section handling.

SKILLS

Golang, SvelteJS, TypeScript, PostgreSQL, RESTful API, gRPC, JWT/OAuth2, WebSocket, Redis, Microservice Architecture, Micro-Frontend, Docker, Git

EXPERIENCE

Full Stack Developer | ClinicOS | 02/2022 - Present

- Built Golang backend services for appointment, pharmacy and finance modules.
- Created SvelteJS micro-frontend pages for patient workflow and reports.
- Optimized PostgreSQL indexes for high-volume tenant reporting.
- Implemented OAuth2 login flow and WebSocket notifications.

PROJECTS

Clinic Workflow Engine

- Stack: Go, Svelte, PostgreSQL, Redis, REST/gRPC.
- Designed role permission model and workflow state transitions.
