Nguyen Duc Manh

Professional Summary
Experienced AI Engineer with over 5 years of expertise in design and deployment of machine learning and AI systems. Proficient in developing scalable AI solutions, optimizing model performance, and collaborating with cross-functional teams. Passionate about leveraging advanced AI technologies to drive innovation.

Skills

Machine Learning (ML)
Deep Learning (DL)
Large Language Models (LLMs)
Python
SQL
Java/Go/JavaScript
PyTorch
TensorFlow
Scikit-learn
Generative AI
Hugging Face
LangChain
MLOps
Docker
Kubernetes
AWS
Azure
Google Cloud
PostgreSQL
MongoDB
Redis
Elasticsearch
Airflow
MLflow

Work Experience

AI Engineer
Tech Innovations Ltd.
Hanoi, Vietnam
Jan 2018 - Present
- Designed and deployed machine learning solutions.
- Developed AI services and APIs.
- Collaborated with teams on AI projects.

Data Scientist
Future Tech Co.
Ho Chi Minh City, Vietnam
Jan 2016 - Dec 2017
- Analyzed data trends and patterns.
- Implemented data-driven AI models.

Education
Master of Science in Computer Science
University of Technology
Hanoi, Vietnam
Graduated: 2015
