

Contact Info

Name: Dang Thi Huong

Email:
huong.dangthi@email.com

Phone: + 84 (915) 555-0182

Location: Hanoi, Vietnam

Skills

- Python
- TensorFlow
- PyTorch
- Scikit-learn
- Natural Language Processing (NLP)
- Computer Vision
- Generative AI
- Machine Learning
- Deep Learning
- SQL, NoSQL
- Git, Docker
- Cloud Platforms (AWS, Azure)
- MLOps

Languages

- Vietnamese
- English

Personal Info

- Gender: Female
- Nationality: Vietnamese

Professional Summary

Passionate Artificial Intelligence Engineer with over 2 years of experience in developing AI solutions.

Strong expertise in designing, developing, and deploying AI-powered applications using machine learning, deep learning, and AI technologies.

Proven ability to collaborate with multidisciplinary teams to address business challenges through intelligent systems.

Focused on building scalable AI systems, natural language processing, computer vision, and ensuring ethical AI practices.

Work Experience

Artificial Intelligence Engineer, Tech Innovations Inc.

Hanoi, Vietnam

Jan 2021 - Present

- Designed and developed AI solutions that leverage machine learning and deep learning techniques.

- Built AI-powered applications using AI technologies to solve real-world business problems effectively.

- Collaborated with cross-functional teams to develop scalable AI systems with a focus on operational efficiency.

- Developed data preprocessing pipelines and model evaluation frameworks in alignment with business goals.

- Integrated AI models into applications using RESTful APIs and microservices for deployment.

Projects

AI Chatbot Development

Technologies Used: Python, NLP, TensorFlow

- Created a sophisticated AI chatbot that improved customer interactions through NLP and generative AI techniques.

Image Recognition System

Technologies Used: Computer Vision, TensorFlow, PyTorch

- Developed an image recognition system that accurately identifies and classifies objects using deep learning methodologies.

Education

Bachelor's Degree in Computer Science

Hanoi University of Science and Technology

Graduated: 2020
