- **Security Systems:** Security Camera Systems, Access Control, Intrusion Detection
- **Programming Languages:** Python, SQL
- **Software Tools:** AutoCAD, Microsoft Office Suite, Virtualization (VMware, Hyper-V)
- **Project Management:** Agile methodologies, Technical documentation, Resource allocation

WORK EXPERIENCE

Telecom Solutions LLC

Systems Administrator

Hanoi, Vietnam

Jan 2021 – Present

- Implemented and managed VoIP systems, enhancing communication efficiency by 30%.
- Designed and executed network security protocols, mitigating risks and ensuring data integrity.
- Coordinated installation and integration of video conferencing systems across multiple office locations.
- Collaborated closely with cross-functional teams to develop project timelines, ensuring milestones were met.

Tech Innovations Co.

IT Support Specialist
Hanoi, Vietnam
Jun 2019 – Dec 2020

- Provided technical support for enterprise-level clients, resolving IT issues with a 95% satisfaction rate.
- Assisted in the deployment of server infrastructure, managing both physical and cloud-based environments.
- Developed training materials and conducted workshops for staff on new technologies and software use.

PROJECTS

Network Upgrade Initiative

Technologies Used: Cisco Routers, Firewalls, Microsoft Visio

- Led a comprehensive network redesign project that increased throughput and reduced downtime by 25%. Coordinated efforts among IT teams for seamless execution and documentation.

Security Camera Deployment

Technologies Used: Honeywell Cameras, Access Control Systems

- Managed the deployment of a security camera system across corporate offices to enhance safety protocols. Oversaw the project from planning to execution and conducted after-action reviews for continuous improvement.

EDUCATION

Bachelor of Science in Information Technology

University of Hanoi, Hanoi, Vietnam

Graduated: May 2019
