Gender: Female

Nationality/Origin:
Vietnamese

Professional Summary

Experienced AI Engineer with over 5 years in the AI engineering field. Proficient in designing, developing, and deploying AI-powered systems. Expertise in machine learning (ML), deep learning (DL), and large language models (LLMs). Proven track record in building and optimizing AI solutions.

Skilled in developing MLOps pipelines, AI services, and production infrastructures. Passionate about collaborating with cross-functional teams to research and innovate emerging AI technologies.

Skills

Programming Languages: Python, SQL, Java, Go, JavaScript

ML/DL Frameworks: PyTorch, TensorFlow, Scikit-learn

GenAI/LLM Tools: Hugging Face, LangChain, LlamaIndex

Databases: PostgreSQL, MongoDB, Redis, Elasticsearch

DevOps/MLOps: Docker, Kubernetes, MLflow, Airflow

Cloud Platforms: AWS, Azure, Google Cloud

Work Experience

AI Engineer

ABC Technologies, Hanoi

Jan 2018 - Present

- Developed and deployed machine learning and AI solutions using Python and SQL.
- Built and optimized ML and deep learning models with frameworks such as PyTorch and TensorFlow.
- Designed AI services and production pipelines for various applications.

Machine Learning Engineer

XYZ Solutions, Ho Chi Minh City

June 2016 - Dec 2017

- Developed AI solutions employing machine learning techniques and deep learning systems.
- Worked with statistical modeling, ensuring optimal model performance and inference latency.
- Collaborated with teams to implement AI projects.

Projects

Education

AI-Powered Chatbot

Technologies: Python, TensorFlow, Hugging Face

- Created a chatbot leveraging large language models (LLMs) to enhance user interaction and experience.
- Optimized model performance and reduced latency significantly, showcasing abilities in deploying AI systems.

Generative AI Application

Technologies: PyTorch, MLflow

- Designed and developed a generative AI application that utilizes LLMs, employing robust MLOps pipelines for streamlined deployment.
- Enhanced the application's scalability and responsiveness, showcasing my ability to manage large-scale AI implementations.

Master's in Computer Science

University of Hanoi
2015

Bachelor's in Information Technology

Vietnam National University
2013
