About Me

I am a passionate full-stack developer with a strong foundation in software development principles. Having recently graduated with a degree in Computer Science, I possess hands-on experience in various programming languages, including .NET, Java, and Python. I thrive in collaborative environments and am eager to contribute to innovative projects that make a meaningful impact. My Japanese language proficiency (JLPT N3) enables me to communicate effectively in international teams, and I am always keen to learn new technologies and methodologies that enhance my skills as a developer. I look forward to utilizing my technical acumen and problem-solving abilities while working with experienced professionals in the field.

Skills

- C# (.NET) (Endorsed by 10 colleagues)
- Java (Endorsed by 8 colleagues)
- Python (Top Skilled)
- SQL (Basic Knowledge, Endorsed by 5 colleagues)
- Git (Familiar, Used in Projects)
