- Creative thinker with strong collaboration and teamwork skills.
- Responsible and committed to delivering quality work.
- Active, sociable, and able to build positive relationships in the workplace.

I. EDUCATION AND TRAINING

Education	University of Transport and Communications
Major	Software Engineering

II. LANGUAGES

Mother tongue	Vietnamese
Other language(s)	English (B1) Japanese (N4+)

III. TECHNICAL SKILLS

Operating systems	Windows, macOS
Database	SQL Server, Oracle, MongoDB
Programming languages	C#, ReactJS, HTML, CSS, JavaScript
Development tools	Visual Studio, GitHub, GitLab, Postman, Dbeaver, Jira, Redmine, FileZilla
Methodologies	Scrum, Waterfall

IV. WORK EXPERIENCE	
Company name	Rikkeisoft
Duration	04/2024 – 07/2025
Project name	Human Resource Management System & Equipment Management
Position	BackEnd Developer & FrontEnd Developer
Team size	40 & 10
Description	• Migration technology from VB.NET to .NET Core, .NET Framework.
My responsibility & Key achievements	• Contributed to a client project using C# (.NET Framework 4.8 & 8.0) for backend services, implemented frontend components with Blazor and WPF, and updated modules using ReactJS. Database solutions included Oracle and Microsoft Access. • Optimized data export performance, wrote unit tests, and contributed to system design.

Company name	ES Solution Electricity Production Management System
Duration	07/2025 -12/2025
Project name	Developed an electricity business system
Position	BackEnd Developer
Team size	6
Description	• Designed a real-time monitoring and alert system for electricity production, built with ASP.NET Zero and .NET Core 6, integrated VCB payment gateway, and used SQL Server for data storage.
My responsibility & Key achievements	• Developed backend APIs using .NET Core 6. • Built real-time chart and alert modules. • Developed UI components with ASP.NET Zero framework.

Company name	Data Services and Digital Transformation
Duration	02/2026 – 06/2026
Project name	Hospital Health Insurance Information System
Position	BackEnd Developer (Onsite short term)
Team size	12
Description	• Maintained and enhanced existing features and developed new functionalities for the Vietnam Social Insurance system integrated with hospital information systems based on assigned business requirements.
My responsibility & Key achievements	• Developed backend services using .NET 8, Oracle Database, Redis. • Developed RESTful APIs for business logic processing, validated XML input documents against business rules, integrated with Oracle Database for data persistence, and published messages to RabbitMQ to enable asynchronous processing.

V. LEVEL OF PROFICIENCY IN SKILLS	
Programing language	Level
C#	Proficient (8)
HTML, CSS, JavaScript	Knowledgeable (7)
React JS	Knowledgeable (5)

Database system	Level
SQL Server, Oracle	Knowledgeable (7)
MongoDB	Knowledgeable (5)

Technologies & Tools	Level
Visual Studio, GitHub, GitLab, Postman, Dbeaver, Jira, Redmine	Proficient (8)
AI Agent (Claude,Codex,...)	Knowledgeable (6)
RabbitMQ, Redis Cache	Knowledgeable (5)

Note: 1-4 Aware (Basic, need to practice more); 5-7 Knowledgeable (Intermediate, can use it at work); 8-10 Proficient (Advanced, very good to use it at work)

VI. PERSONAL PROJECTS	
Project 1	Movie Website Management System
Programming languages	C#, Html, js, css
Technology	Asp.net core MVC, Sql Server
Skills	Debugging & Reading comprehension
Description	• Admin: Manage movies, users, and system content • Customer: Browse and watch movies, book tickets, make payments, and authenticate accounts
Repository link	https://github.com/hungvhutc281/movieCenter

Project 2	Furniture Store Management System
Programming languages	C#, TypeScript, Html, js, css
Technology	Asp.net core MVC, Asp.net core API, Sql Server
Skills	Debugging & Reading comprehension, Deployed to IIS Manager
Description	• Admin: Manage products, orders, customers, and overall store operations • Customer: Browse and purchase products, make payments via multiple methods, and interact with chatbot support • Guest: Browse products and add items to cart
Repository link	https://github.com/hungvhutc281/furnitureShop
