

Tran My Hanh

Frontend Developer | React.js, Vue.js, TypeScript

Ho Chi Minh City | my.hanh.cv11@example.com | github.com/myhanh-fe

PROFESSIONAL SUMMARY

Frontend developer with relevant experience in React.js, Vue.js, TypeScript, REST API integration, responsive UI, and dashboard development. Education section is intentionally missing.

SKILLS

- React.js, Vue.js, TypeScript, HTML/CSS, JavaScript
- REST API integration, JWT authentication, validation, error handling
- Tailwind CSS, Bootstrap, responsive design, browser testing
- Chart.js dashboard widgets, GitHub, Slack

EXPERIENCE

Frontend Developer - CloudBase Apps, 2023 - Present

- Implemented Vue.js and React.js pages for a SaaS admin platform.
- Integrated REST APIs for user management, billing reports, and notification settings.
- Built responsive forms, tables, and dashboard cards using Tailwind CSS.
- Reduced UI bugs after release by adding component-level review checklist.

PROJECTS

- Admin Reporting Dashboard - React, TypeScript, Chart.js, REST API.
- Marketing Website - Vue.js, Bootstrap, responsive design.

CERTIFICATIONS

- Frontend Performance Basics - Online Course, 2025
